

TOMASZ LIS

PORTFOLIO

I am a graduate of a 7-month front-end development bootcamp with a certificate confirming my skills and practical experience working on 8 different projects. Currently, I am participating in a back-end development bootcamp. I have programming experience, mainly in JavaScript and React. Additionally, I am fluent in English, which I acquired during my 18-year stay in London. I am seeking a challenging job that will allow me to leverage my skills and experience.
